The mandatory, flat-rate waste disposal fee in the amount of **EUR 6.50/m²** is to cover the disposal of all waste generated at the exhibitor's booth during setup and dismantling and throughout the duration of the trade fair. The participation of companies as co-exhibitors (cf. A 4) is on principle possible. Participation is, however, subject to Messe München GmbH's prior authorization. The mandatory communication fee for each co-exhibitor includes the same services as for the main exhibitor (cf. B 3).

All co-exhibitors must be registered by the main exhibitor. The application is to be submitted online at ispo.com/outdoor. B 6 Dates of setting up and dismantling (cf. A 15)

MOC – Event Center Messe München June 1–3, 2023

Truck check-in during setup and dismantling:

Vehicles over **7.5 t** must register at the truck (LKW) check-in on site. Further information will be made available with the traffic guide.

On the last day of setup, June 3, 2023, all delivery and stand-construction vehicles must be removed from the halls and the outdoor exhibition area by 18:00 at the latest. Vehicles which are still in the halls or the outdoor exhibition area after this time will be removed by Messe München GmbH at the risk and expense of the respective exhibitor. Furbishing work and decoration in the exhibitor's own stand space is possible until 20:00.

An extension of the setup time is permissible only in exceptional cases and with the prior written consent of Messe München GmbH, Technical Exhibition Services Division.

Dismantling

MOC – Event Center Messe München June 6, 2023 after closing time through June 7, 2023 (Evening)

An extension of the dismantling time is permissible only in exceptional cases and with the prior written consent of Messe München GmbH, Technical Exhibition Services Division.

B 7 Stand design and equipment

Stand designs for stands larger than **100 m²** or stand structures exceeding **3 m** in height or with a stand covering require prior authorization. Dimensioned drawings including floor plans and elevations on a scale of 1:100 must be submitted in duplicate to Messe München GmbH, Technical Exhibition Services Division for approval no later than 6 weeks before setup begins.

Halls, general

The maximum booth size is limited to 120 m² (per booth/brand). Joint stands and OutDoor by ISPO curated areas are exempted.

One-story construction

The maximum construction height is **4 m**. The maximum advertising height (upper edge) is **4 m**.

In addition, the maximum construction height (clearance) alongside the hall walls must be observed (see description of halls and outdoor exhibition grounds).

The partition walls facing the neighboring stand must be kept white, neutral, free of installations and clean above a height of **2.50 m**. It is recommended that exhibitors install partition walls (height **2.50 m**) as demarcation to neighboring stands. Messe München GmbH supplies partition walls only at the request and expense of the exhibitor. Partition walls or additional cabin walls (height **2.50 m**) can be ordered in the Exhibitor Shop. In the case of advertising structures directly facing adjoining stands, there must be a minimum distance of **2 m** to the stand perimeters. Flashing or changing lights must not be used for advertising purposes. The stand design must be adapted to suit the type of rented stand (row, corner, end, island stand), e.g. by partition wall systems. The exhibition stand should also meet the character of the respective trade fair to preserve the visual identity of the event. Messe München GmbH is entitled to demand changes in stand design on this account.

In order to preserve the character of OutDoor by ISPO as a communications and business trade show, exhibitors are requested to ensure an open stand design. Messe München GmbH is entitled to demand changes in the exhibition stand design in this context.

Stand designs can only be approved if the open sides of the stands have a uniformly open design. Erecting closed walls is permitted, provided they do not take up more than 70% of the total length of that stand side.

Stand construction approval

As a matter of principle, every planner/designer of an exhibition stand is responsible for compliance with public statutory regulations, insofar as applicable to exhibition stands, and compliance with Messe München GmbH's Technical Guidelines as well as the General Terms of Participation. No approval of plans from Messe München GmbH is necessary given compliance with the following requirements:

- stand and/or advertising structures no higher than **3 m**
- stand area no larger than **100 m²**
- stand is without covering.

Any stand concepts in non-compliance with the aforementioned requirements are to be submitted in duplicate for approval to Messe München GmbH's Technical Exhibition Services Division, containing to-scale stand design plans (ground plan, elevations and sectional drawings) no later than 6 weeks prior to official setup date. If items are to be suspended from the hall ceiling, the work involved must be carried out by Messe München GmbH's contractors. The placing of motor vehicles of any kind on the stand area for exhibition or decorative purposes is prohibited and is permissible only in exceptional cases on the prior written consent of the Exhibition Management. Moreover, multi-story stands and special constructions (such as bridges, stairs, cantilever roofs, galleries, etc.) are as a general rule subject to separate approval. Further information can be found in the "Building Regulations" under "Applications" in the Exhibitor Shop. **Please note under all circumstances the requirements set out in the Technical Guidelines and the information included in the individual notices.** For further processing, the exhibitor service forms for ordering additional stand services will be made available to you online via our Exhibitor Shop in due time, or sent to you per e-mail.

An e-mail with further information will be sent to applicants in good time by the media service partner commissioned, who handles these extra listings with the applicant in his own name and on his own account. Messe München GmbH assumes no responsibility for the accuracy and completeness of the trade fair media (print and online).

The exhibitor is solely responsible for the permissibility under law—and particularly the law on competition—of entries placed in the trade fair media (print and online) of Messe München GmbH at the instigation of the exhibitor.
