## Why EXPO REAL Asia Pacific?

EXPO REAL is the largest and highly relevant international trade fair for property and investment in Europe. Since its inception in 1998, the event has successfully attracted thousands of exhibitors and tens of thousands of visitors from across the world, driving innovation and growth in the sector.

In light of the promising economic development in Asia Pacific, Messe Muenchen International Asia will host the inaugural edition of EXPO REAL Asia Pacific in Singapore from 15-17 June 2026. EXPO REAL Asia Pacific is a rewarding experience by combining the right people, the emerging developments and projects, and in-depth expertise in real estate, infrastructure, and investment at a single platform.

Exhibiting at EXPO REAL Asia Pacific enables you to tap into this potential as it is the one trade fair to unify cities and economic regions, developers, investors, financiers and service providers from Asia Pacific.

“EXPO REAL 2024 has created excellent opportunities for investment networking and collaboration, highlighting innovative solutions that emphasize how cities can become climate-neutral, which align with our regional development vision. We look forward to participating in EXPO REAL Asia Pacific 2026!”
