## Postponement Announcement

Dear Exhibitors, Visitors and Partners

Recently, Shanghai has issued a series of administrative measures about treating Covid-19 as a Category B disease. While gradually relaxing restrictions and optimizing procedures in Shanghai, Shanghai is also trying to effectively control possible risks following such adjustments. Meanwhile, Covid-19 prevention and control in China is entering a new phase and facing new tasks and challenges.

In order to ensure optimal exhibition results for the exhibitors, visitors and industry professionals, and to present a safer and more valuable event for the industry, after careful consideration, **productronica China 2023**, which was originally scheduled to be held on March 22-24, 2023, will be postponed to **April 13 -15, 2023 at Shanghai New International Expo Centre.**

We have been committed to serving the electronic intelligent manufacturing industry in China. Meanwhile, we have tried to promote the industry through integration and innovation. In that course, productronica China has experienced challenges and successes, and has become an important event for the industry as a result. As the epidemic prevention measures are gradually optimized, we are expecting a long-awaited gathering of closer and safer interaction and exchange. We also expect more valuable matchmaking and trade consultations through such professional platforms.

With longer and more adequate preparation, we look forward to our meeting in April to share technological innovation and future market prospects. Kindly accept our sincere apology for any inconvenience caused by this change, but we believe it is a necessary step to ensure your safety and the success of the exhibition. Thank you all for your continuous understanding and support. We do hope that you will receive this information in time and you are able to make adjustments accordingly. If you have any question, please also feel free to contact us.

We wish you all the best and good health!

Yours sincerely,

Messe Muenchen Shanghai Co., Ltd.
